

What sets you apart from others (personal characteristics, leadership, achievements)

---

---

---

---

---

---

---

---

**Dreaming**

If you could do anything in the world and time, money and education were not obstacles, what would you do?

---

---

---

What do you hope to contribute to your discipline and what kind of legacy do you hope to leave at Mines and beyond?

---

---

---

If 20 years from now, you could be on the cover of any magazine or journal, which one would it be and for what would you be recognized?
